**REVISED AND RENEWED PETITION UNDER 37 C.F.R. § 1.47(b) AND  
RESPONSE TO DECISION IN REFUSING STATUS UNDER 37 C.F.R. §1.47(b)**

Applicant hereby renews its Petition to the Assistant Commissioner pursuant to 37 C.F.R. § 1.47(b) to accept the above-identified patent application without the signature of the inventor. The averments of the initial Petition are incorporated herein by reference. Pursuant to 37 C.F.R. §1.47(b), this paper is submitted in response to the DECISION REFUSING STATUS UNDER 37 CFR 1.47(b) dated April 13, 1998.

The Applicant hereby includes the information requested as follows: (1) Letter from Applicant's attorney dated May 11, 1998 transmitting the Reissue Application and requesting execution of the Reissue Declaration; (2) Letter addressed to Applicant's Attorney from the inventor dated May 18, 1998, refusing to execute the Revised Declaration; (3) A Renewed Declaration executed under §1.47(b) setting forth the pertinent facts showing that this action is necessary to prevent irreparable harm; (4) The required \$130.00 fee under 37 C.F.R. §1.47(b) and 1.17(h); (5) proof of proprietary

**REVISED AND AMPLIFIED DECLARATION  
PURSUANT TO 37 C.F.R. § 1.47(b)**

As Principal of the assignee, Shamrock Lacrosse, Inc., I hereby declare that:

1. I am authorized to act on behalf of Shamrock Lacrosse, Inc., Assignee of US Patent No. 5,494,297, of which my title is President and I am executing this Declaration in response to the Decision Refusing Rule 47 status and in furtherance of my original Declaration under 37 C.F.R. §1.47(\*b) which is incorporated herein by reference.

2. The entire title to the patent application identified below is assigned to Assignee, Shamrock Lacrosse, Inc. The Inventor's assignment has been recorded in the U.S. Patent & Trademark Office at Reel & Frame: 7961/0966, a copy of which is attached.

3. I verify that the named Applicant, Ronald J. MacNeil, is the original, first and sole inventor of the subject matter which is claimed and for which a Reissue Patent is sought on the invention entitled: LACROSSE STICK HEAD the specification of which was filed on February 25, 1998 as Application Serial No. 09/030,702.

4. I hereby state that the named inventor, Ronald J. MacNeil, has refused to sign the application for patent, and therefore, under 37 CFR §1.47(b), as the representative of Assignee of the above named patent application, I am authorized to act as legal representative in the prosecution of said application and to execute this Declaration.

5. I hereby state that on May 11, 1998, our attorneys contacted Ronald J. MacNeil of Milton, Ontario, Canada, the inventor of the above referenced patent application

and requested that Mr. MacNeil execute the Reissue Application. A copy of Counsel's letter transmitting the application and declaration is attached hereto as Exhibit A. By letter dated May 18, 1998, Mr. MacNeil stated his refusal to sign. This letter is also attached hereto as Exhibit B.

6. I hereby state the Ronald J. MacNeil had assigned outright his invention to Shamrock Lacrosse, Inc., including all rights to any reissue patents. Our agreement called for Mr. MacNeil's assistance in securing such rights. Mr. MacNeil refused to assist us unless our company agreed to provide him with additional compensation. Our agreement required no such additional compensation.

7. I hereby state that Mr. MacNeil contacted us and made unsubstantiated statements to the effect that the claim coverage which we are seeking in the attached reissue application does not distinguish over the prior art. Mr. MacNeil was requested by our attorneys to provide documentation and evidence in support of these allegations, including the allegations in his letter of May 18, 1998, but he failed to do so. We concluded, therefore, that Mr. MacNeil had no such knowledge and only sought to frustrate and obstruct our lawful rights to obtain a reissue patent.

9. We are filing the application without Mr. MacNeil's signature in order to preserve the rights of our company and to avoid irreparable harm.

10. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

MR. SCOTT J. FIELDS

RE: Your letters of Feb/98 and May/98 concerning the changing and adding of claims to patent  
No. 5,494,297 Reissue application number 09/030,702 and Docket no. 8527-002.

As per our phone discussion of Feb/98. At that time you felt that I had not claimed the so called offset lacrosse stick head. My response to you was that most of the wooden sticks in Canada have been made offset for the last 100 years and this is the proper way to make a lax stick. This is why I did not claim the offset, it is prior art being used throughout the world for the last 100 + years. As far as your claim (on page 10, line 8 & 9) this is what a so called offset head is, the mouth is always the lowest part of the stick, i.e. A skimmer bird (this claim is prior art, there is no question about it.).

There is a great misconception on lacrosse sticks, there are two games of lacrosse played throughout the world Field Lacrosse and Box Lacrosse. Up to the late 1970's and early 80's most of the sticks were made of Hickory wood. One designed for field and the other designed for Box lacrosse. All of the Box lacrosse sticks had what people now called offset (to us in Canada it was a normal stick). In 1966 I designed the first fiberglass lacrosse stick with all the features of the wooden Box lacrosse Stick. In 1992 I designed a Plastic Lacrosse stick again for Box Lacrosse (as per drawings in Patent 5,494,297). As you know I have a patent for the dual side walls. I did not apply for a patent for what is called offset & or the mouth below the shaft, again the reason prior Art.

If you want to see one of these sticks you can go to the Lacrosse Hall of Fame in British Columbia, Canada, or just come to Canada and watch a Box game where wooden sticks are being used. The simpler way of seeing these sticks is to come to my Lacrosse Shop in Milton, Ontario and I will show you these sticks.

The thing that is happening today in the Lacrosse World is; the Field Lacrosse player likes the Box Lacrosse Stick. The Manufacturers in the USA are changing their designs to meet these needs and when they change their designs they patent them not knowing of the prior art in Canada. Box Lacrosse has been played through out the World and the USA since 1968 (Detroit) and possibly sooner.

I hope this answers any of your questions of why I did not patent the offset head as you suggested. If you need any further information please contact me and arrangements can be made.

Thank You

Ronald J. MacNeil
